

A terminal window titled 'vboxuser@Ubuntu: ~' with a search bar and window controls. The terminal displays a list of 32 commands from the shell history, numbered 1 through 32. The commands include 'history', 'clear', 'cat /etc/passwd', 'mkdir/s', 'echo \$0', 'll', 'ls -ltr', 'ls -la', 'ls -F', 'id', 'chown new_user:new_group filename', 'su root', 'sudo su-', 'sudo su -', 'ls', 'su username', 'sudo su', 'useradd techie', 'passwd techie', 'su techie', 'find/ -name sudoers', 'find / -name sudoers', 'sudo visudo', 'exit', 'sudo visudo', 'vi /etc/sudoers', 'useradd techie', 'passwd techie', 'sudo visudo', 'history', and 'su username'. The terminal has a dark purple background and a light gray scrollbar on the right.

```
vboxuser@Ubuntu:~$ history
1  history
2  clear
3  cat /etc/passwd
4  mkdir/s
5  history
6  echo $0
7  ll
8  ls -ltr
9  ls -la
10 ls -F
11 id
12 chown new_user:new_group filename
13 su root
14 sudo su-
15 sudo su -
16 ls
17 su username
18 sudo su
19 useradd techie
20 passwd techie
21 su techie
22 find/ -name sudoers
23 find / -name sudoers
24 sudo visudo
25 exit
26 sudo visudo
27 vi /etc/sudoers
28 useradd techie
29 passwd techie
30 sudo visudo
31 history
32 su username
```

```
32 su username
33 exit
34 cd
35 ls
36 vi text.txt
37 r text.txt
38 vi text.txt
